Company profile

Dg Jingduan Packaging Technology co., LTD

Company overview

Dg Jingduan Packaging Technology Co., LTD was founded in 2016, focusing on the field of end-of-line packaging, like pallet strapping machine ,battery strapping tool . After several years of continuous research and development, it was rated as a high-tech enterprise in 2022 and is the only ergonomic pallet strapping machine manufacturing enterprise in China.

We are adheres to market orientation and customer satisfaction as its purpose.We continue to develop and innovate, have a complete and scientific R&D, production, quality and marketing management system, and are committed to creating value for customers; our products sell well at domestic and abroad and have a high reputation.

Well
patented

Corporate culture

Vision

- + Focus on the strapping market and continue to provide high-quality products and services.

Mission

- + Become a leader in the international end-of-line packaging industry

Application fields

- + Widely used in: tobacco, automobile parts, logistics, electronics, home appliances, chemical industry, paper products, wood industry, new energy, medicine, brick kilns and other industries.

Values

- + people - oriented, Unity and friendship; Customer supremacy, win-win cooperation.

Workshop scene

Workshop scene

Inspection & packing & application

We have QC inspections rigidly to make the quality greatly during income /assemble/ packing

Inspection

Each of the cargo is packed very well to avoid shipping damage.

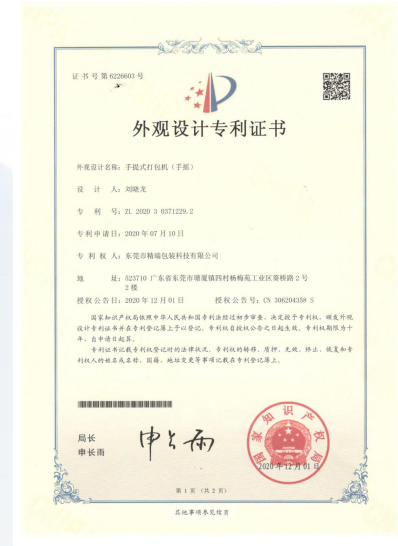

Packing

Widely used in various industries, such as timber, brick factories, electronics, photovoltaics, etc

Application

Patent certificate

CE certificate

JD-PSE16

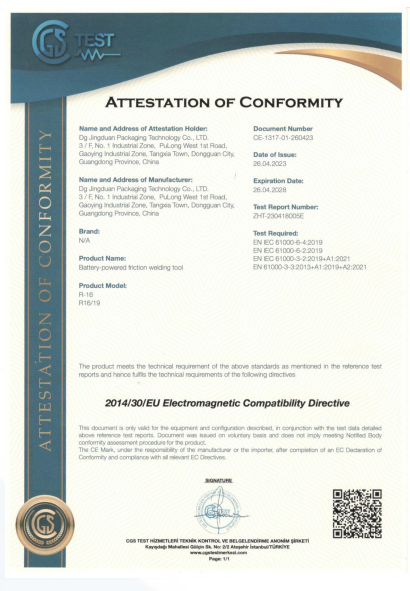

JDH-16

Team and exhibition presentation

Team building

Exhibition activity

Jingduan Pacakging pays attention to the growth of every employee, respects, cares for and enhance their skills, creates a good atmosphere of enterprises through colorful collective activities. And 4-5 exhibitions will be joined each year to show our new products and service

Exhibition from dealers, Training for dealers at site

More and more dealers show our products on their exhibition and join our training activities at site

Product introduction

Product description

Basic parameters

Name	Battery strapping tool	Model	A-16
Weight	3.56kg	Size	315*150*118mm
Color	Bule (customizable)		
Working mode	Automatic、Semi-automatic		
Tension force	500-3200N		
Joint	Friction and welding		
Strap	PP/PET		
strap dimensions	Width: 9~16mm, Thickness: 0.5~1.2mm		
Battery	Lithium battery (18V, 5000mah)		

Product description

Basic parameters

Name	Battery strapping tool	Model	L-16
Weight	3.34kg	Size	310*135*130mm
Color	Bule (customizable)		
Working mode	Automatic、 Semi-automatic		
Tension force	60-2500N		
Joint	Friction and welding		
Strap	PP/PET		
strap dimensions	Width: 9~16mm, Thickness: 0.5~1.2mm (PET), 0.5~1.5mm(PP)		
Battery	Lithium battery (18V, 5000mah)		

Product description

Basic parameters

Name	Battery strapping tool	Model	JD-PSE16
Weight	3.44kg	Size	370*140*120mm
Color	Bule (customizable)		
Tension force	2800N		
Joint	Friction and welding		
Strap	PP/PET		
strap dimensions	Width: 9~16mm, Thickness: 0.5~1.2mm		
Battery	Lithium battery (14.4V, 6000mah)		

Product description

Basic parameters

Name	Semi-auto Battery strapping tool	Model	JDH-16
Weight	2.75kg	Size	330*138*168mm
Color	Bule (customizable)		
Tension force	60-2100N		
Joint	Friction and welding		
Strap	PP/PET		
strap dimensions	Width: 13~16mm, Thickness: 0.8~1.2mm		
Battery	Lithium battery (14.4V, 3000mah)		

Product description

Basic parameters

Name	Friction sealing tool	Model	R-16
Weight	1.82kg	Size	280*120*140mm
Color	Bule (customizable)		
Duration per charge	About 350 straps		
Joint	Friction and welding		
Strap	PP/PET		
strap dimensions	Width: 8~19mm, Thickness: 0.4~1.5mm		
Battery	Lithium battery (14V, 3000mah)		

Product description

**NEW
MODEL**

Basic parameters

Name	Battery strapping tool	Model	L-19
Weight	4.1kg	Size	351*125*167mm
Color	Bule (customizable)		
Tension force	60-5100N		
Joint	Friction and welding		
Strap	PP/PET		
strap dimensions	Width: 8~19mm, Thickness: 0.4~1.5mm		
Battery	Lithium battery (18V, 5000mah)		

Product description

Basic parameters

Name	Pallet strapping machine	Model	JD-008
Weight	105kg	Size	950*750*1250mm
Color	Blue (customizable)		
Strap	PP/PET		
Applicable strap specifications	PP (core inner dia:200MM, Core height:180MM) PET (core inner dia: 406MM, Core height:150MM)		
Strap dimensions	Width: 12~19mm, Thickness: 0.6~1.3mm		
Applicable packaging volume	Within 1.85M in width and within 2.8M in height		
Applicable pallet hole size	Min width 200mm, Min height 75mm

MODEL**

Basic parameters

Name	Pallet strapping machine	Model	JD-008A
Weight	125kg	Size	950*750*1250MM
Color	Blue (customizable)		
Strap	PP/PET		
Applicable strap specifications	PP (core inner dia:200MM, Core height:180MM) PET (core inner dia: 406MM, Core height:150MM)		
Strap dimensions	Width: 12~19mm, Thickness: 0.6~1.3mm		
Applicable packaging volume	Within 1.85M in width and within 2.8M in height		
Applicable pallet hole size	Min width 200mm, Min height 75mm		

Product description

▶ 01

Highly flexible fiber rod, strong softness, no need to worry about being broken, the total length is 190cm;

▶ 02

There is no need to bend over when thread the pallet, it can save more time and effort for one person can complete it quickly.

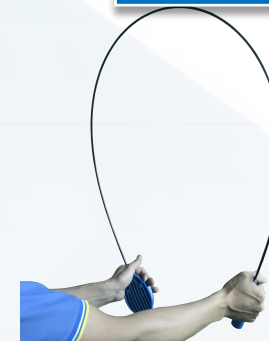

▶ 03

The width of the PP/PET strap is required to be $\leq 25\text{MaM}$, and the thickness is 0.3-1.5MM.

▶ 04

Reduce the threading time effectively and improve the efficiency of threading and packing.

Flexible enough
